Reference:

Submitted to the Government.

2. The Board invites the attention of the Government to para 4 of the Bellary Collector's letter cited above and recommends that in the circumstances reported by the Collector the collection of loan instalments in respect of Bellary Taluk which fell due in F.1359 may be ordered to be postponed till F.1360.

for Joint Secretary

To The Secretary to Government,
Revenue Department, Fort St. George.

Copy of letter P.R.No.753/50-A8 dated 27th March 1950 from the Collector of Bellary

The season conditions in all the taluks in the Bellary district have been generally satisfactory in fasli 1359 as already reported in weekly season reports. Hence there is no necessity to postpone the collection of loans instalments due in fasli 1359 except ~~xxxxxxxxxxxxxxxxxxxxxxxxxx~~ in respect of Bellary taluk for the reasons stated in the succeeding paragrap

2. Though the season conditions in Bellary Taluk have been fairly satisfactory there was no extensive cultivation of Mungari crops due to scanty rainfall in the month of July 1949 in which month the Mungari crops are generally sown. A statement showing the rainfall received in each month from April to December 1949 at Bellary and Kurugodu stations as compared with normal rainfall is given below:

| 1949 Months. | Bellary Rainfall received. | Bellary Normal Rainfall. | Kurugodu. Rainfall received. | Kurugodu. Normal Rainfall. |
|---|---|---|---|---|
| April | - | 0.84 | | 0.60 |
| May | 2.39 | 1.89 | 1.12 | 1.95 |
| June | 1.95 | 1.70 | 1.82 | 1.09 |
| July | 0.37 | 1.01 | 0.40 | 1.73 |
| August | 3.66 | 2.38 | 4.01 | 3.29 |
| September | 5.89 | 4.87 | 3.47 | 5.66 |
| October | 4.49 | 4.16 | 4.93 | 3.84 |
| November | 0.62 | 1.97 | 0.42 | 1.08 |
| December. | | 0.13 | | 0.19 |

3. Even the Hingari crops which were sown in the latter part of the year have been partially affected by local disease called "Muthigi Roga" and so the yield cannot be expected to be more than 7 to 8 annas. A comparitive study of the extent shown under each crop in faslis 1357, 1358 and 1359 as shown below reveals the fact that the extent cultivated in the current fasli is far less than it was in the normal years (F.1357) in which the collection of loans instalments in Bellary taluk was ordered. The severe cyclone in September last affected the Korra crop to some extent in this Taluk.

| Name of the crop. | Fasli 1357. | Fasli 1358. | Fasli 1359. |
|---|---|---|---|
| Paddy | 1117 | 575 | 588 |
| Cholam | 91566 | 79750 | 34759 |
| Cumbu | 27345 | 24250 | 12230 |
| Korra | 02943 | 97139 | 36495 |
| Cotton | 80394 | 70849 | 37465 |
| Groundnut | 21264 | 17566 | 13078 |

The yield from the Hingari crops is also not expected to be so good as it was originally estimated due to the reason mentioned above.

4. The arrears of loans instalments due in faslis 1356 and 1357 in Bellary taluk at present comes to about Rs.1,94,269. The Government in their order No.Ms.1749, Rev. dated 4-7-1949 postponed the collection of loans instalments due in fasli 1358 to fasli 1359. Recently Government have enhanced the rate of Education cess from ten pies to 20 pies for every rupee of land revenue which is cent per cent increase. In these circumstances I am of opinion that it will be a great hardship if the loan instalments due in this fasli are also to be collected. I therefore recommend that the collection of the loans instalments due for fasli 1359 may be suspended in respect of Bellary Taluk alone in this district.
